

Dear parents and carers,

Following tonight's announcement, I am writing to confirm that school will be closed tomorrow for all children except for children of Key Workers and those children that are classed as vulnerable. For all other children we will move to remote learning as soon as we can. We may be able to get things on there for tomorrow and definitely by Wednesday. Please make use of the online learning such as TT Rockstars, Spelling Shed, Lexia (for some children) and then reading as much as you can.

I am sending a Google Form for completion for Key Worker's children and those children classed as vulnerable. If you complete the form and believe that your child is entitled to provision PLEASE SEND THEM IN TOMORROW. We will contact you tomorrow if we require further clarification.

Children attending school should dress in school PE kit please. Please arrive at your allocated time tomorrow and if there is a change after tomorrow we will let you know. Your child should just go to their usual classroom tomorrow. We will try to make sure tomorrow is as normal as possible so that we can prepare children for the provision moving forwards.

Please complete the survey here - [Key Worker Provision Survey](#)

Thank you for your understanding. I know that the move to remote learning will be disappointing for lots of you (including the teachers!) I will write to you again tomorrow to set out what our provision will be for the duration of the lockdown - Mrs Scott
