

Ancient Maya

Science

This term in Science, we will be describing the changes that happen as humans develop to old age. This will also link to our PSHE lessons. We will also be learning about the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood. We will also learn about the impact of diet, exercise, drugs and lifestyle on the way our bodies function.

History

We will be learning about the Maya Civilisation. Lessons will include:

- Creating a timeline of key events
- The development of farming
- Writing
- Gods and beliefs
- Cities and pyramids
- Democracy
- Spanish arrival and the conquest of Maya civilisation.

Music

This term in Music, we will be learning about Beethoven. We will also be learning the songs for our Summer show - Mission Implausible.

Design and Technology

We will be critiquing a wind turbine.
We will be designing and making our own Mayan kites.

RE

This term in RE, we will be learning about we will be introduced to three new characters: Theo, Livvy and Sophie. These characters will us to understand the role of a theologian, philosopher and social scientist and to develop these thinking skills.

Art

We will be using different media to create portraits Frida Kahlo.

PSHE

We will be learning how to Think Positively. We will be learning to understand our thoughts and emotions, both positive and negative. The lessons centre around themes such as the links between our thoughts, feelings and emotions, making good choices and mindfulness and applying a growth mindset approach to life.

We will also be continuing with our growing up lessons that will be closely related to the Science topic on human development.

Geography

We will be learning about the Amazing Americas. We will find out about the continents of North and South America, and the countries that form them. We will also look in more detail at some of the contrasting regions of the Americas, finding out about the landscape, climate and locations of each area. We will learn about the ancient and new wonders of the world, specifically those of the Americas.

COMPUTING

We will develop our understanding of computer systems and how information is transferred between systems and devices. We will discover how information is found on the World Wide Web, through learning how search engines work (including how they select and rank results) and what influences searching.

PE

We will be developing athletic and fitness skills and also developing team sports through cricket and rounders.

French

We will be learning how to talk about healthy living choices.
